• **Industry Linkage:**

a) Industry Needs from the Alumni: Alumni meet, organized as part of Annual Day Awards function and frequent interaction in the form Panel discussions and inputs arranged for CLDP, is a source of understanding industry trends. The Alumni are identified and invited by the Learning facilitators of each specialization along with the help of VP-Alumni- member of the Student Council. These visits to the campus on multiple occasions help students to prepare themselves for the corporate world.

b) Internships and Winter Projects for Students: Students work in companies as interns for their summer internship programs during the months of May, June & July. For summer internship programs, every student is allotted a faculty member as their internal guide. Students discuss the work environment, the kind of work handled by them during their internship and discuss the requirement gathering needs and tools for the project with their faculty guide. Students are in continuous association with the faculty and faculty in turn keeps a check on the student's association with the company and industry guide under whom they report during the said time period. IIMP also encourages the students to take up industry sponsored winter projects especially for HR specialization. This is done to help students have real life experience of the corporate world.

c) Alumni Mentoring Programme (AMP) – Advice and Perspective help graduates to set goals and track progress for life. The alumni cell launched their unique program called, “Alumni Mentoring Program”. A well designed and long-term mentoring connection with those people who were once in their shoes – “The Alumni” will lead to a confusion-free decision making process.

Building a professional network, developing professional and personal communication skills, exploring areas of interest, gaining exposure to career options, and connecting academics and career should be the task taken up collectively by every stakeholder who is associated with management education.

The sense of responsibility has motivated IIMP to start with the initiative of Alumni Mentoring Program (AMP). The process for AMP started in June 2017. A mailer was sent to alumni of

Shree Chanakya Education Society's

Indira Institute of Management

IIMP (MBA) batch of 2005, 2006 and 2007 informing them of this program and inviting them to register their willingness to mentor the current students. 80 alumni have accepted our invitation and are successfully mentoring the students. This initiative has led to the creation of a relationship between past and present students of IIMP which is mutually beneficial. The network created through this program helps the students in building a successful career in future and also proves as a goodwill for the campus community.
